Describe how the Schoolwide written plan

- a. will be made available to parents and other stakeholders, and
 - The Schoolwide plan is available on the building and district website.
- b. in a format and language that parents can understand.
 - We did our best to define acronyms and use less educational jargon.

Supporting documentation must be maintained at the school/district. Documentation includes meeting agendas, minutes, sign-in sheets, sample letters, etc.

Part II – Comprehensive Needs Assessment

(Required for all Schoolwide Programs, Focus Schools, and Priority Schools; Recommended for All Schools)

All Focus and Priority schools and any school operating a Schoolwide Program (SWP) must conduct a comprehensive needs assessment (CNA) that is based at least in part on the academic achievement information of all students in the school.

1. DATA REVIEW

- Data review should include data from multiple sources: Academic, non-academic, program, perception, and fidelity data
- Information below represents possible data sources.
- Add or delete rows as needed.

Supporting data documentation for all data sources identified below must be maintained at the school/district.

DATA	REFLECTION	REVIEW DATE	NEXT STEPS
What data sources will the team review? What activities will the team engage in to explore possible instructional strategies/practices?	What did you learn from the data you reviewed?	When will we study the data?	What will you do next to advance the data review process?
Review Enrollment Data	Our school poverty rate went up by 2.2%. Reflecting the increasing needs of our students and families. There was an increase of our minority groups of 3.1%.	8/23/17	Review in the spring of 2018 MCA and MAP data for K-5th student proficiency and achievement to see if increased enrollment of minority subgroup, poverty subgroup and special ed. subgroup affect test performance.
Review MCA III Proficiency and Achievement Level in Reading	-All students group has dropped significantly below the state and district average. -Native American subgroup and free and reduced students scored closer to the state average. -White subgroup is 12% below the state average. -Free and reduced and Native American students compare well to the state, but did not improve our overall scores.	8/23/17	Review MCA and Map data in the spring of 2018.

Review MCA III Proficiency and Achievement in Math	-White students scored 5% below the state average. Due to the large number of students in this subgroup, this effects our overall score greatly. -Number and operations is the main area in need of improvement school wide.	8/23/17	Review MCA and Map data in the spring of 2018.
Parent Survey on parent involvement	The number of surveys were low in number and there was confusion as to what was being asked. The survey is sent out in the spring of the year.	May	Review surveys in the spring to gather information in regards to parent involvement.
Review Attendance Data	Current attendance data for 1st quarter shows an increase of 1.1% overall attendance from 2016-2017 to 2017-2018.	Monthly at Student Growth Meetings	Review data at the end of the school year in regards to overall attendance and review of sub groups.
Review Behavior Data	Our school saw a significant decrease in the number of suspensions from 65 in 2015-2016 to 39 in 2016-2017.	Monthly at Student Growth Meetings	Review data in spring of 2018 to determine if there is a continual decrease in the number incidences.
Review Mental Health Data	-More students are being served through Stellher Human Services providing therapy and skills. - More referrals are being made than there are staff resources available.	Monthly at Student Growth Meetings	Review monthly data of students being served and request continued support through other local agencies.

2. COMPREHENSIVE NEEDS ASSESSMENT SUMMARY

The Comprehensive Needs Assessment (CNA) results are used to determine the following:

- Subjects and skills for which teaching and learning need to be improved.
- Specific academic and other classroom needs of students and groups of students who are not yet achieving the state's academic standards.
- Needs of the school relative to each of the components required in a Schoolwide Program.

After reviewing the data above, please list the team's identified successes, prioritized concerns, and hypothesized root causes for identified concerns below:

Comprehensive needs assessment supporting documentation should be maintained at the school/district. Documentation includes leadership team and professional learning team meeting agendas and minutes, summary sheets, etc.

Successes

After reviewing the data in step 1, what successes have been identified by the team?

Reading: Free and reduced and Native American subgroups scored similar to the state average.

Mathematics: Students in the Native American sub-group scored similar to the state average.

Graduation (if required):

Other:

Prioritized Concerns:

After reviewing the data in step 1, what concerns were noted?

For Schoolwide Plans: **Reading: The all student sub-group dropped significantly below the state and district average.**

Mathematics: The white student sub-group scored 5% lower than the state average. Number and operations was the main are in need of improvement.

Graduation (if required):

Other:

Hypothesized Root Causes:

A Root Cause is an early controllable factor in a chain of factors which impacts student learning. Use the action plan to implement a usable intervention to address hypothesized root cause.

Reading: At Lincoln Elementary we see a large percentage of our demographic that come to our school with systemic issues that extend into the school system. Reading is a key focus area for our staff with our student population.

Mathematics: At Lincoln Elementary we see a large percentage of our demographic that come to our school with systemic issues that extend into the school system. Math is a key focus area for our staff with our student population.

PART III – School Action Plan

(Required for all Focus and Priority Schools; Recommended for all schools)

READING ACTION PLAN

SCHOOL: Lincoln Elementary

PLAN CONTACT: Jason Luksik

SUBMISSION DATE: August 2017

Reading SMART Goal: At Lincoln Elementary the “All Students” group will increase their reading proficiency from an average of 52.5% in the spring of 2017 to an average of 55.5% in the spring of 2018 as measured by the MCA III Reading Test. American Indian students’ proficiency will improve from 30.8% to 33.8% in Spring 2018, and Free and Reduced Lunch students’ proficiency will improve from 43.6% to 46.6% in Spring 2018.

1. Reading Usable Intervention(s):

Identify the usable interventions (strategies or practices) the team has selected for implementation.

The interventions must

- provide opportunities that address the learning needs of all students in the school, particularly students not meeting academic standards,
- strengthen the academic program by increasing the amount and quality of learning time and providing an enriched and accelerated curriculum including programs and activities necessary to provide a well-rounded education, and
- allow the school to better meet the needs of low-achieving students through a school wide title program than it could as a targeted assistance program.

Supporting documentation for the selected interventions must be maintained at the school/district. Examples should include research and resources used during exploration.

If applicable, identify the instructional framework that includes the usable intervention: Enter framework if applicable

READING ACTION PLAN

3a. Usable Intervention Selected for Implementation: Reading Essential Learning Outcomes (ELOs)

3b. Instructional Change Manager: Jason Luksik

4. Action Plan:

Supporting documentation that informs next steps decision-making must be maintained at the school/district. Example include practice profiles, PLC notes, fidelity measures, professional development plan, and coaching, etc.

<u>STAGE</u>	ACTION STEPS	<u>EXPECTATION</u>	REVIEW DATE	EVIDENCE SUMMARY TO INFORM NEXT STEPS
In what stage of implementation is the current intervention and how does it inform actions?	How do the <u>drivers</u> inform what the team will do? Identify action steps and persons responsible for completing the action step.	What is the expected result of this activity? How will the team study adult effort and fidelity of implementation?	What date will the team study the expectation results?	Analyze results and record what was learned. Celebrate successes. Identify barriers. Begin the cycle again with planning and identified action steps.
Exploration	Student Growth Team will attend the District Data Retreat and analyze MCA results.	Determine successes, prioritize concerns, and hypothesize root causes to plan for interventions as needed. Set building goals.	August 23rd, 2017	Principal will share expectations and building goals with Lincoln staff.
Installation	Principal will share expectations and building goals with Lincoln staff.	Staff knowledge of schoolwide goals to work cohesively towards increased student success.	August 2017	Each RTI team comprised of grade level teachers and a schoolwide staff representative determine grade-level goals that are related to the school-level goals in weekly RTI meetings.
Initial Implementation	Each RTI team comprised of grade level teachers and a schoolwide staff representative determine grade-level goals that are related to the school-level goals in weekly RTI meetings.	After determining grade-level goals, each grade level will determine students that need particular interventions and continue to work on the ELO process from where they left off last year.	Fall 2017 & Ongoing	Principal will oversee ELO process for each grade level and provide coaching resources.
Full Implementation	Principal will oversee ELO process for each grade level and provide coaching resources.	Grade levels fully implement their ELOs in core instruction and beginning the process of creating/integrating Common Formative Assessments (CFAs).	Ongoing	Principal will oversee CFA process for each grade level and provide coaching resources.
